

Globalisation

Study Guide

Year 9-10 Geography Test – Semester 2 2021

Explain:

- What globalisation is, what causes it, examples, what 'global village' means, who are the winners & losers from globalisation
- 'SEE' factors – how these are used to explain influence of globalisation (look at power point on haiku)
- Computer & communication tech (e.g. internet, satellites, fibre optics) & how they contribute to globalisation.
- Shipping transport & how it affects global trade, what kinds of things are shipped worldwide
- TNCs – what they are, examples, how they contribute to globalisation
- Tourism & how it's affected by globalisation
- Sweatshops – what they are, why they are unethical
- Organisations that manage impacts of globalisation & what they do

Skills test

- Will be a graph – you will need to study it & answer questions about the data.
